[Child Language : Matthew Saxton : 9781446295625](#)

Jo Van Herwegen Mathew Saxton's Child Language is an excellent book on a difficult to understand (and explain) field. The book covers the what we know about child language development in a readily accessible, readable and at times amusing format, which is perfect for UGs who have no previous knowledge in the field. This book is the best general book on child language development that I've seen

[Amazon.com: Child Language: Acquisition and Development ...](#)

Matthew Saxton provides a compelling account and comprehensive overview of child language acquisition and development . Engagingly written in a style that draws the reader in, the book covers all the bases and provides an excellent introduction to and overview of the area.

Matthew Saxton provides a compelling account and comprehensive overview of child language acquisition and development . Engagingly written in a style that draws the reader in, the book covers all the bases and provides an excellent introduction to and overview of the area.

Child Language | SAGE Publications Ltd

This is an excellent, up-to-date introduction to the key issues in child language acquisition. I particularly valued the detailed critical evaluation of different theoretical approaches. My module is a general module on psycholinguistics, which is why this book would not work as the sole module textbook. But I will be strongly recommending it for the topics on child language acquisition.
