[Motion Picture And Video Lighting :2Nd Edition: Blain ...](#)

The lighting setups were the most interesting to me but there were not too many of them. Perhaps that's not the focus of the book but it would have been more useful if there had been about 4x as many setups in different situations. My assessment is more for Motion Picture lighting and major production studio video than any run and gun or smaller video shoots. I just wish there had been a lot.
