Perspectives on Global Development 2013 - OECD  
"Perspectives on Global Development" is a new OECD  
Flagship launched by the OECD Development Centre in  
2010. The report has been conceived to stress the change  
in the global economic landscape and the gradual  
movement of the centre of gravity of the global economy  
towards the East and the South.

In 2008, the weight of developing and emerging  
economies in the global economy tipped over the 50%  
mark for the first time. Since then, Perspectives on Global  
Development has been tracking the shift in global wealth  
and its impact on developing countries.

[OECD Perspectives on Global Development | Wilson](#)

OECD Perspectives on Global Development Since its first  
edition in 2010, the annual OECD Perspectives on Global  
Development report has investigated the increasing  
economic weight of developing countries in the world  
economy.

[Perspectives on global development - OECD](#)

The OECD Development Centre identifies and frames  
critical global issues and brings them to the global  
development debate through our engagement with global  
actors and processes such as the G20 and the post-2015  
discussions.
