[The Cell: Evolution of the First Organism \(New Biology ...](#)

[The Cell: Evolution of the First Organism by Joseph](#)

Panno, Ph.D., offers an excellent, concise and interesting introduction on the cell and its evolution. Panno opens with a brief overview of theories related to life's origin, then moves to prokaryotes and how they laid a foundation for eukaryotes. Next, he offers an examination of the cell cycle, followed by genes, multicellular organisms

#### **How to Activate Autophagy Mechanism - articles.mercola.com**

Cells are either building or detoxing, and each phase has its own requirements. Cyclical ketosis and intermittent fasting suppress inflammation in your body and activate autophagy, a natural process that cleanses and detoxifies the cell and recycles the parts of the organelles that are no longer needed.
