The Conquests of Alexander the Great - Waldemar Heckel ...

Waldemar Heckel provides a revisionist overview of the conquests of Alexander the Great. Emphasising the aims and impact of his military expeditions, the political consequences of military action, and the use of propaganda, both for motivation and justification, his underlying premise is that the basic goals of conquest and the keys to military superiority have not changed dramatically over the millennia. Indeed, as Heckel makes clear, many aristocratic and conquest societies are remarkably
