A V Kelly's now classic work focuses on the philosophical
and political dimensions of curriculum, and especially on
the implications for schools and societies of various forms
of curriculum. The book outlines what form a curriculum
should take if it is concerned to promote a genuine form of
education for a genuinely democratic society.

The Curriculum: Theory and Practice by A.V. Kelly

This book is quite useful for those studying curriculum development and evaluation. I was quite disappointed because I waited the author to tell me what a curriculum is but I just got even more confused after reading this book.
