I read Golden tore all the way to magnificent, and then the many-colored land. The begining is great but the end is dry and repetative. Read the 30 page prologue in the golden tore and you'll understand this book, minus character development. But still a fun read.

The Many-Colored Land, a classic (1981) science fantasy novel by Julian May, wasn't too high on my TBR list until I noticed that Blackstone Audio released it last month. I

like science fantasy, so I gave it shot, and I sure am glad I did. I loved every moment of The Many-Colored Land and my only disappointment is that the rest of The Saga of Pliocene Exile is not available on audio.

Julian May (Author of The Many-Coloured Land) - Goodreads

Julian May was an American science fiction, fantasy, horror, science and children's writer who also used several pseudonyms including Ian Thorne, Lee N. Falconer and many others.

The many-colored land (eBook, 1981) [WorldCat.org]

The many-colored land. [Julian May] -- In the year 2034, Theo Guderian found the means to use a one-way, fixed-focus time warp to go to the Rhone River valley six million years before, during the Pliocene era. Now a group of mavericks and
