Representation is more than a matter of elections and parties. This book offers a radical new perspective on the subject. Representation, it argues, is all around us, a dynamic practise across societies rather than simply a fixed feature of government. At the heart of the argument is the

#### **The Representative claim - Open Research Online**

Recent work on the idea of political representation has challenged effectively orthodox accounts of constituency and interests. However, discussions of representation need to focus more on its dynamics prior to further work on its forms. To that end, the idea of the representative claim is advanced and defended. Focusing on the representative
