The hidden science behind an average day, from breakfast to bedtime from an author w

The Science of Everyday Life by Len Fisher (ebook)

This book makes the science of the familiar a key to opening the door for those who want to know what scientists do, why they do it, and how they go about it. Following the routine of a normal day, from coffee and breakfast to shopping, household chores, sports, a drink, supper, and a bath, we see how the seemingly mundane can provide insight into the most profound scientific questions.
