Romana Negri's pioneering work on neonatal intensive care units is informed both by infant observation and by psychoanalysis. She presents in this volume the transcribed tapes of her detailed observation of a normally developing infant, whom Martha Harris supervised for three years. Other chapters present observations of children in hospital that formed part of their diagnostic assessment, and [Amazon.com: The Story of Infant Development \(Psychology ...](#)

Romana Negri graduated in medicine and trained as a child neuropsychiatrist at the University of Milan. From 1970 onwards she attended the seminars of Martha Harris and Donald Meltzer and commenced work projects inspired and influenced by their teaching.
