Unweaving the Rainbow. His starting point is John Keats' well-known, light-hearted accusation that Isaac Newton destroyed the poetry of the rainbow by 'reducing it to the prismatic colours.' Dawkins's agenda is to show the reader that science does not destroy, but rather discovers poetry in the patterns of nature.

In final analysis this is not the best of Dawkins' work. It does have very good vignettes of Science, from Newton's unweaving of the rainbow to those hedge sparrows, and it is obvious that Dawkins is also a connoisseur of the romantics, particularly Keats and Shelly. That is also the mark of a well rounded human being, but the poetry and the science of this book could be better maintained, developed and connected.
